

Patricia Cassidy

Former EVP & Chief Physician Alignment & Ambulatory Services Officer AMITA Health (Alexian Brothers)

Board Membership of Interest

My area of most knowledge is health care and so I could offer benefit, I believe, to those industries that view health care as a significant client, or a potential significant client. A company in the Chicago area would be most possible for me in terms of active board participation.

Board Member Characteristics

My daily work involves leadership and administration as well as strategic planning and system thinking. I believe bringing the broad view to the board table is critical. Additionally, I have a Master's in Business and deal with financial contracting for health care reimbursement in my work, so I understand issues related to cost, revenue, etc, but in a strategic framework. I serve on two boards today and understand the role of governance and the fiduciary duties of board members.

Company Profile

Loyola University Health System. LUHS is a roughly \$600 million a year company that operates as one of the leading health care organizations in the city of Chicago and around the country.

Functional Expertise

Marketing/Advertising Lobbying Planning Quality improvement processes Risk Management Crisis communications Health Insurance benefits management
