Julie's Favorite eBay Experience:

"Many great stories come to mind – both my own and those I've heard. One theme that holds true in our household is eBay as the place to go to find the items you want at the right price. My husband just recently purchased really cool binoculars so we could view the Christmas Star, and I purchased a purse for my daughter that was quite difficult to find through normal channels. I was so excited to find it on eBay for the right price and delivery schedule."
