

Ivonne Maria Cabrera

Ivonne Cabrera is Senior Vice President, General Counsel and Secretary of Dover Corporation (NYSE: DOV). Dover Corporation is a diversified global manufacturer and solutions provider delivering innovative equipment and components, consumable supplies, aftermarket parts, software and digital solutions and support services through operating companies that are grouped into five operating segments: Engineered Products, Clean Energy & Fueling, Imaging & Identification, Pumps & Process Solutions, and Climate & Sustainability Technologies. Dover's operating companies are committed to operational excellence and to being market leaders as measured by market share, customer satisfaction, growth, profitability, and return on invested capital. Dover's segment reporting structure generally aligns operating companies with similar business models, go-to-market strategies, product categories, and manufacturing practices. This structure increases management efficiency, better aligns operations with Dover's strategic initiatives and capital allocation priorities, and provides greater transparency about performance to external stakeholders. In 2024, Dover employed approximately 24,000 people worldwide and had worldwide revenues totaling approximately \$8 billion.

Dover is headquartered in Downers Grove, Illinois, and trades on the New York Stock Exchange under "DOV."

Professional and Educational Background

Ms. Cabrera has served as the Senior Vice President, General Counsel and Secretary of Dover since January 2013. Ms. Cabrera began her career with Dover in February 2004 as Deputy General Counsel. From February 2011 through September 2012, she served as Vice President Business Affairs and General Counsel at Knowles Electronics, then a wholly-owned subsidiary of Dover. She returned to her role as Deputy General Counsel of Dover in October 2012 and was elected Senior Vice President, General Counsel and Secretary of Dover effective January 2013. Prior to joining Dover, she was Senior Counsel at Bristol-Myers Squibb Company (BMS) in New York. At BMS, she was responsible for litigation involving commercial, securities, antitrust, product liability and employment matters.

A native of Miami, Florida, Ms. Cabrera received a Bachelor of Science degree in Mathematics from the University of Miami in 1987. She received her Juris Doctor degree in 1990 from Columbia University School of Law.
